

Boyette Orthopedics  
& Sports Medicine, PA

*Our Team: Working Together, Keeping You Active*

February 26, 2013

To Whom It May Concern:

Kathy Sprau recently gave a seminar at Boyette Orthopedics & Sports Medicine, PA. We specifically asked her to address positivity in the workplace. Kathy was engaging, lively and humorous. Through a combination of slides, inter-active games, and repetition she taught us how to reframe our workplace environment. I would highly recommend her for a group of any size. Her energy, spontaneity and overall positive personality contribute to her ability to convey her message. You will not regret the time spent making a positive difference.

Sincerely,

Deanna M Boyette. MD
